Professional Experience

Héctor Alan Rodríguez Ramírez is Partner and Head of Litigation at GRA Abogados, where he co-directs the firm's strategic vision and oversees all matters related to criminal, civil, commercial, tax, and constitutional litigation. With more than a decade of experience in both the public and private sectors, he has built a strong reputation for his leadership in complex disputes, strategic vision, and technical command of regulatory compliance.

He obtained his Law Degree from the Universidad Autonoma de Nuevo León, and subsequently earned a Master's Degree in Constitutional Law with a specialization in Constitutional Procedural Law from the same institution, strengthening his analytical skills and understanding of Mexico's procedural structure.

His practice covers the management of criminal litigation, where he represents corporations and individuals in financial crimes, corporate criminal liability, and high-value economic proceedings. In civil and commercial matters, he designs strategies in contractual disputes, civil liability, enforcement of guarantees, shareholder conflicts, and asset recovery. He also has extensive

experience in tax and administrative litigation, defending clients in cases involving tax credits, audits, administrative penalties, and proceedings before the Federal Administrative Justice Court (TFJA), as well as related constitutional actions.

H é ctor has also developed a specialization in Anti-Money Laundering and Financial Compliance (AML/FT), advising financial institutions, construction and real estate companies, law firms, and professional service providers on the implementation of compliance frameworks. He has designed and executed AML compliance manuals, institutional risk matrices, due diligence protocols, compliance audits, and early-warning systems, in line with the Federal Law for the Prevention and Identification of Operations with Resources of Illicit Origin (LFPIORPI) and its 2025 reforms.

He holds official certification as a Compliance Officer issued by both the National Banking and Securities Commission (CNBV) and the Financial Intelligence Unit (UIF), accrediting his expertise in regulatory reporting, compliance audits, analysis of relevant, unusual, and concerning transactions, and the management of financial and reputational risk within corporate structures.

As Head of the Litigation Department, he leads an interdisciplinary team of attorneys and consultants who design integrated defense and compliance strategies for domestic and international clients, combining technical precision, strategic foresight, and an in-depth understanding of Mexico's judicial and regulatory landscape.

Earlier in his career, he served as Judicial Clerk at the Fourteenth Criminal and Juvenile Justice Chamber of the State's Superior Court of Justice, contributing to the drafting of high-impact rulings and judicial opinions—an experience that strengthened his procedural knowledge and deepened his understanding of the inner workings of the judiciary.
